About Us

Dear prospective customers, customers and friends of our company!

A wicker beach chair in the garden, on the terrace or balcony is the ideal retreat for rest and relaxation. More than any other seating furniture, it embodies the maritime holiday feeling and serves as an oasis of well-being in the often stressful everyday life. For 15 years now, we beach chair professionals have been making your dream of the perfect beach chair come true. At the Buxtehude site in northern Germany, top products for the highest demands are manufactured in pure craftsmanship. Approximately 1,500 beach chairs are always ready for delivery and collection. This makes us the largest beach chair exhibition in Germany.

In addition to outstanding quality, sustainable production and the use of harmless materials are particularly important to us. Our high-quality teak and mahogany woods come from sustainable, certified cultivation. This is guaranteed by a certificate from the FLEGT Agreement of the Federal Agency for Agriculture and Food and the EU. The fabrics used are tested for harmful substances according to Oeko-Tex® Standard 100. The catalogue you are holding in your hands is FSC®-certified and is produced in a regional print shop.

Many steps are necessary before a beach chair leaves our manufactory. Experienced basket weavers and carpenters begin by producing a „blank“ which is fitted with fittings and rollers. Our high-quality fabrics are pre-cut to size, sewn and missed in the sewing room and finally combined with the beach chair in the upholstery department. This elaborate craftsmanship ensures that a robust, durable and individual beach chair is produced at the end of the production chain. We will gladly implement your special requests. Strict quality control before shipping ensures that you receive a flawless product.

Last year thousands of beach chairs left our manufactory again, which is not least due to our satisfied customers who recommended us to others. Furthermore, our great team has been a guarantee for steadily growing success for years. Highly motivated, reliable and hard-working employees, many of whom have been with the company since its foundation, ensure that first-class products are manufactured day after day. Our friendly drivers in our own truck fleet ensure that your ordered beach chair is delivered safely and comfortably to your home. On request, we offer a professional installation if the beach chair is to be placed in places that are difficult to access, such as on a roof terrace.

If you have any questions, our technical advisors will be happy to help you by phone, but you can also contact the management at any time:

 **+49 4161 596680**

Of course you can also find our products here:

www.strandkorbprofi.de

We would be particularly pleased if you would visit us personally and experience on site the high level of quality we produce. Therefore our credo: Buy only the original. With this in mind, I hope you enjoy browsing through the pages.

Best wishes from the Strandkorb Manufaktur Buxtehude, your Kay Gosebeck

Nils Gosebeck

Buy the Original

We have been producing our beach chair models **Morsum, Hoernum, List, Keitum** und **Kampen**. These models are known for their high quality.

Unfortunately, we have repeatedly noticed recently that inferior beach chairs are offered on the Internet with our product names, which ultimately have nothing to do with our models.

Often these are kits produced in China and made of inferior materials.

Please note that you can only

purchase our handmade quality beach chairs from authorized dealers or directly from us in Buxtehude. We do not work with auction platforms.

Therefore, please visit us in Buxtehude and convince yourself of the handcrafted quality of our beach chairs.

You can recognize our beach chairs by our plaque. Only beach chairs with this badge are manufactured by us and are also subject to our 5-year warranty promise.

For questions and suggestions we are always at your disposal.

- high-quality PE-mesh (no PVC)
- only woods from certified cultivation
- only high-quality Dralon® branded fabrics for outdoor use (free of stocking)
- all screws and fittings are made of stainless steel

We are convinced of our products and therefore give a 5-year warranty on the woods, PE-mesh, fabrics and stainless steel fittings.

5 Years Warranty
on the wood, the PE braid,
the fabric and stainless steel fittings

Production

Warehouse

Over 1500 Beach Chairs are always available from stock and thus guarantee a short delivery.

Fabric design and cutting

Our fabric design and cutting staff ensures, that our quality materials are professionally processed and tailored.

Sewing room

In our in-house sewing room, the sets of fabrics are manufactured on industrial sewing machines.

Upholstery and meshwork

Skilled upholsterers and weavers take care, that only Beach Chairs in highest quality and processing are leaving our manufactory.

Assembly, final inspection, delivery

What we care about most:
Without proper assembly, careful final inspection and well-planned logistics, nothing works.

Mahogany

The mahogany wood we use, comes from Indonesia. It is a hardwood and has a high resistance to diseases of all kinds, e.g. insects and fungus. Therefore it is ideal for outdoor use. Mahogany is easy to work with and only distorts insignificantly.

Therefore mahogany is often used in the construction of yachts, high quality instruments and also in the field of furniture production. Its elegant appearance makes it an eyecatcher of a special kind.

Of course, we pay close attention in using only wood from sustainable cultivation for our Beach Chair production.

Teak

Teak is an extremely dense wood (680 kg / m³) and resistant to worms, mold and fungus due to its high natural oil and rubber content. It is acidproof and also hardly inflammable, which is very important to us.

In The 1950´ s and 1960´ s, Teak was used as the main material for furnitures. Now the wood is used again in the ship building industry (Ship decks), on terraces and in the garden furniture production.

Due to the absolute weather resistance, this wood is ideal for permanent outdoor use (even with constant salt water contact).

Teak Vintage

Our hand-brushed, Teak Vintage wood is a must-see for lovers of country style. Experience the structurally rich vintage wood with all your senses. Whether indoor or outdoor.

Due to its natural ingredients (waxes and oils), teak is particularly easy to clean and water repellent. Rain, snow, frost and other weather conditions can hardly affect our Teak Vintage Beach Chairs.

With this sought-after **Teak Vintage series** (registered design) we have extended our range of products with a very special piece of jewellery. These beach chairs are only available from us and authorized dealers.

Due to the high weather resistance, this wood is ideal for permanent outdoor use (even with constant salt water contact).

All woods used by us come from certified cultivation

This is guaranteed by the FLEGT agreement of the EU, which grants certificates to a few selected companies.

For more information, contact the Federal Institute of Agriculture and Food.

Bundesanstalt für
Landwirtschaft und Ernährung

Our Beach Chairs

There are many good reasons for a Beach Chair from the **Strandkorb-Manufaktur Buxtehude**.

1. Excellent quality

Starting with our Morsum Model, you will not make any compromises, but always get a high quality manufactory Beach Chair made in Germany, which will provide you with appropriate care a lifetime of pleasure.

2. First-class materials and 5 years warranty

- solid precious woods from certified, sustainable cultivation
- high quality Dralon® fabrics (100% acrylic), tested for harmful substances according to Oeko-Tex® Standard 100
- Multicolor PE-mesh, through-dyed and UV-resistant
- stainless steel fittings

We give **5 years warranty!**

This is unique and ensures customer satisfaction.

3. No Beach Chair like any other

Various models from a compact 1-seater to a luxurious 2.5-seater, fine hardwoods (mahogany, teak, teak vintage), five mesh-colors (cappuccino, white-washed, old-teak, light-grey, nature-beige), more than 100 fabric designs and the option of installing portholes inspire your imagination. Configure your personal manufactory Beach Chair. That's easy on our website or get advice from our sales team.

4. No trouble with kits

Our Beach Chairs are leaving the factory ready full assembled. If necessary, each Beach Chair can be disassembled by loosening two or three 17 mm screws in the upper and lower basket.

5. Extensive complete offers

A custom-fit Silverline cover (for an extra charge: TeakSafe cover), tables, neck pillows, footrests, armrests (for the Kampen and Keitum models), highly polished stainless steel fittings, comfort duo-lifter (for the Kampen and Keitum models), pre-assembled castors, a smartphone and a newspaper bag (except for PVC cover) are available from us as low-priced complete offers. Further accessories such as care sets, bottle holders and champagne coolers can be found in our extensive range.

6. Lay back and relax

Our Beach Chairs are full loungers. You can fold back the upper basket by up to 80 degrees (65 degrees with the Morsum model) and, together with the foot rests, you will have an almost horizontal lying surface for relaxed hours in the Beach Chair.

7. A clean thing

The fabrics of the neck pillows are removable and washable at 30° C. This also applies to the seat and footrest fabrics in the Kampen, Keitum and List models.

Kampen Teak Vintage

The flagship!

Luxurious and extremely comfortable 2.5-seater with sun mesh, ornament carving, large notebook-tables, armrests and Comfort-Duo-Lifters for easy adjustment of the upper basket.

Exclusively at our place
Teak Vintage – a high quality, hand-brushed teak wood with its own charm.

Easy to clean
The **Teak Vintage** wood is provided with a special, water-repellent sealing. This unique design is legally protected and only available from us.

Kampen Teak Vintage Porthole

The highlight

Enjoy the view through the polished portholes, made of aluminum.

The easy to clean **teak vintage-wood** impresses with great casual look and timeless elegance. In conjunction with the special braid „old-teak“ you get a real eyecatcher with this beach chair

As with all our beach chairs, you can choose your favorite fabric from a large collection and configure yourself an **unicum**.

By the way: the Kampen Teak Vintage model is always fitted with the special old-teak weave as standard.

Kampen Teak

The classic

A beach chair made of teak-wood has its own character. Teak is a little natural wonder. Due to its unusually high proportion of rubber, its surface remains weatherproof and supple for years without any special aftertreatment.

In order to preserve the distinctive honey-brown color, you should treat the beach chair at least once a year with a little teak oil.

For lovers of the special.

Best teak-wood for an excellent 2.5-seater

Kampen Teak Porthole

The massive

Connoisseurs of beautiful furniture appreciate this high quality beach chair. The pronounced structure of the best teak wood in this aesthetic quality can't be found at any other hardwood. Polished aluminum portholes underscore the uncompromising appearance.

A beach chair should not only look beautiful. It should also be practical.

With our Kampen models, the seat can be removed to store foot rests and tables underneath.

Kampen Mahogany

Affordable luxury

The large 2.5-seater in the popular mahogany version. Cheaper than the teak version and very easy to clean. The glaze creates a hard, easily wipeable surface.

A refreshing with a glaze with

For example with the Fabric Design Skyline - available in the variants Hamburg, Berlin, Cologne and Munich, or also quite simply only in a striped design without a motif on the back. You will find more Fabric Designs on pages 38-43.

UV protection after a few years preserves the shine and the luminous color.

This beach chair is the most bought item from our customers.

Excellent value for money along with the harmonious grain of the wood are simply convincing.

The cheapest 2.5-seater, but 100% Kampen!

Keitum Teak

For individualists

Technically and visually, the Keitum is the „little bredher“ of the Kampen - including Comfort-Duo-Lifters and armrests. A 2-seater, 15 cm narrower and equipped with folding tables. On request, also the large notebook-tables can be mounted (surcharge).

Apart from that our Keitum is in no way inferior to the Kampen. A luxurious, comfortable full lounger, in which two people have plenty of space to relax.

Keitum Mahogany

Straightforward

Our beach chairs made of mahogany are priced attractively. And no less exclusive. Many customers also want exactly this wood because of the harmonious grain and the intense color.

If you are looking for a luxurious beach chair with manageable outside dimensions, you can hardly get around the Keitum Mahogany.

Especially in areas with limited space, many customers value the less massive appearance of the Keitum.

Due to the lower weight and the more compact external dimensions, it is very manageable.

A beautiful, handy 2-seater

Dimensions and weight:

Width: 130 cm
Depth: 95 cm

Hörnnum Mahogany

The North German Original

You prefer it uncomplicated and unfussy? You prefer pull-out foot rests like the beach chairs on the North Sea and Baltic Sea? And despite the space and comfort in the beach chair, the exterior dimensions should be as compact as possible?

Then take a closer look at the 2-seater Hörnnum Mahogany.

In a few seconds the beach chair is „ready to go“. Even more compact than the Keitum, but still plenty of space in this full lounge to be comfortable for two.

List Mahogany

Our smallest one really big

Sometimes it's good to have it all to yourself. The List is also a full lounger and invites for one or another nap. The cup of tea and the book can be placed on the folding table and the extremely compact dimensions make it possible for anyone to easily change the location of the beach chair.

The sun mesh and the ornament carving underline the noble, luxurious appearance. This 1-seater is simply fun.

Landhaus Sylt Teak Vintage

Very resistant

Same construction as the Hörnum Mahogany, but consistently easy to care for and robust thanks to **teak vintage** wood. The special mesh „**white-washed**“ gives it a typical country house look. Together with a durable and weather resistant PVC cover, the **Landhaus Sylt** is the perfect beach chair for holiday home owners.

Of course, you can also choose your favorite fabric from our entire fabric collection for this model. We are sure that this high-quality 2-seater will find his way not only in holiday homes.

Morsum Mahogany

The entry-level model

Our cheapest beach chair. Very compact 2-seater or plenty of space for one person. Semi-lounger with 65 degrees inclination angle of the upper basket. Same quality like our large beach chairs.

You always get the same uncompromising manufactory quality in materials and workmanship from us.

With classic straight mesh on the side parts and retractable foot rests like the larger Hörnum.

A folding table and pockets for smartphone and newspaper ensure organization in the beach chair.

Super compact and affordable

Custom-built models

You have special requests?
No problem. **Almost everything is possible.**

In our long company history there have been many „crazy“ wishes of our customers. A fridge, a Blu-ray player, TV, heated seats or a giant ribbon – we nearly always find a way to implement special wishes.

By the way: you can have any of our beach chairs made in mahogany, teak or teak vintage. For some configurations allow about 6-8 weeks for delivery.

Call us or visit our comprehensive exhibition in Buxtehude.

Even very simple wishes, like a straight cut of the valance or a certain fabric can easily be implemented.

Our 2.5-seaters are too small for you, because you want to sit comfortably in a beach chair with three or more people? You will be surprised how big our beach chairs can be!

Our standard mesh

cappuccino

- high-quality PE-mesh (round, 4 mm massive)
- weaved by hand
- easy to clean
- absolutely weather-, temperature- and UV-resistant
- **5 years warranty**

Also available in following PE colors (for an additional charge)

(Delivery time approx. 6-8 weeks)

old-teak

light-grey

white-washed

nature-beige

Our beach chairs with PE-mesh are absolutely wind and waterproof. The beach chairs are completely weaved by our experienced weavers in a very elaborate manual work.

We deliver the PE-mesh in natural color. It has a very fine, elegant mesh – matched to our high-quality

woods. A perfect combination - water resistant and lightfast (even after years the color is still the same). Synthetic mesh is very easy to clean and robust against external influences of any kind. PE-mesh is significantly more durable and of higher quality than PVC-mesh.

Fabrics

You can be sure of that:
our fabrics remain free of stocking.

Our fabrics are made of 100% polyacrylic / Dralon®. These high-quality outdoor fabrics are dry-spun and fiber-dyed (Teflon®). They are absolutely lightfast, water- and dirt-repellant. Of course, no substances are used for our beach chairs, which are not tested for harmful substances according to Öko-Tex® Standard 100. Our fabrics and imitation leather are skin-friendly, comfortable and cuddly - to make your beach chair your new favorite spot.

On our website www.strandkorbprofi.de you will get a preview of the appearance of the fabric of your choice with our configurator.

Of course, all fabrics that we use for the production of our beach chairs can also be bought by the meter, so that you can consistently equip your private furniture with this fabric.

The printing colors in the catalog may differ slightly from the actual colors. We are happy to send you fabric samples on request.

By the way: all fabric designs with motif are also available without motif.

Accessories

Comfort-Duo-Lifters

In cooperation with a large German manufacturer for compressed air technology, we got a solution that simplifies the handling of the adjustment of the upper baskets of our luxury models „Keitum“ and „Kampen“.

Wine and champagne cooler

The small and fine extra: wine and champagne cooler made of stainless steel with a special holder. It is simply hung on the beach chair. Neither screws nor a complicated assembly are required.

Bottle holder

Convenient and inexpensive: the stainless steel bottle holder can be easily hung on the beach chair with a special holder. Bottles and glasses are thus well and safely housed. The diameter is about 8.5 cm.

Portholes

The visual highlight: The portholes, made of polished aluminum, offer an extra view out of your beach chair. Available as an extra to our basic models.

Notebook tables

Made of mahogany, teak or teak vintage. Standard equipment on our model Kampen. Mountable on all other models.

Beach Chair Care Set

For mahogany, teak or teak vintage

Protect UV Plus Mahogany & Teak-Oil

Our wood protection for mahogany and teak woods. Available In 100 ml and 250 ml.
